

Assured Produce Schemes

INDUSTRY: (Inputs > Production > Storage > Processing > Marketing > Distribution > Consumption) has a role to play towards food safety & loss reduction.

SNV

Assured Produce Schemes

Food safety can be achieved by improving linkages between actors which will address;

- Adoption of the National Code of Practice for Horticulture (Ks1758-2) and traceability systems
- Knowledge gaps and resource limitations
- Promote industry self-regulation
- Enforcement & accountability by government
- Empower informed consumers to take action
